## Board Meeting February 14th, 6pm at the water company office.

We would like to invite everyone to our February Board Meeting. This is a great time to meet your water company board and bring up any topics you have.

We will be providing a year end financial report and information for the upcoming 2018 projects. This is also a good time to come in and see our new office layout.

### Front Office receives an update

This month we gave the front office a well needed update. There were two important areas that needed an update, the front receptionist desk area and the office carpeting. The previous design of the front office lost its functionality, so it was updated to meet our current needs. We moved the receptionists (Julia) desk over into the corner. This was done so that any of us can help a customer at the counter. Along with the front office update, we also thought it was time to replace the 20+ year old carpet. The carpet was replaced with a durable laminate flooring and is designed to withstand the wear and tear of an office environment.

### Board Meeting Schedule

February 14th, 2018  
Board Meeting May 9th  
Annual Meeting August 18th  
Board Meeting November 14th  
Board meetings start at 6pm in  
our conference room

*Meeting locations are accessible to persons  
with disabilities*

### T-Mobile will have the first Cellular lease on the Water Tower

In November CRRWC and T-Mobile entered into an agreement to lease space on the Water Tower. The water tower was designed to handle the load of up to 5 cellular companies in the hope to generate more revenue and to potentially lower costs to our members. The new lease is a 50% increase from the old lease and will continue to increase every 5 years. If you have questions about the specifics of the lease, please come to our board meeting on February 14th or stop by the office and ask for Frank.

Although this one lease will not have an immediate impact on the rates, as we add more leases to the Water Tower they will bring us closer to requesting a rate case through the PUC.
